**Subject:** Ethylene Oxide Presentation information

Good morning, Kim and Pieter. I am following up to obtain a copy of the information we discussed on April 8, 2021 during the teleconference with LDEQ. We are looking for the information contained in your PowerPoint presentation that detailed what changes Sasol had made with respect to ethylene oxide (EtO) emissions.

I appreciate your assistance with providing information on your EtO activities. Thank you. Please call if you need to discuss.

Thank you.
